Discover ASP's Programs

Raise roofs. Fix floors. Build a whole new you!

Appalachia Service Project (ASP) provides one of the most rewarding structured service opportunities in the nation -- bringing thousands of volunteers from around the country to rural Central Appalachia to repair homes for low-income families. But ASP is more than just a building program. Yes, Appalachia's poorest families urgently need your help, but they can help change your life, too.

Through their eyes, you'll see yourself as the person you've always wanted to be. Compassionate. Committed. With the power to make a difference.

Through their gratitude, you'll be inspired to serve others in every area of your life. Through their down-to-earth faith, your own faith will grow stronger. And your relationship with God will grow deeper every day.

We like to say that our goal is to make homes "warmer, safer and drier" for needy families. And for more than 40 years, we've done exactly that for thousands of families. Yet for all that, we are only able to serve one in ten families who apply to us for help. We need many, many more volunteers to make a lasting dent in Appalachian poverty.

In other words, we need you.

So come on and join us! Sign up your group to volunteer for Appalachia Service Project. Sure, you'll install insulation. Repair porches. Reinforce foundations. But even more importantly, you'll build a whole new you.

Visit us on the web at: <http://asphome.org>
